

Special Connection between Bishop Leggett and Hong Kong

Bishop James Leggett loved Hong Kong. During his three terms as the Presiding Bishop of IPHC, he did not miss even one single big occasion of Hong Kong PHC. Moreover, he was the one who officiated every ordination service in those twelve years.

Bishop Leggett really cast a significant impact on my life. It was him who gave me opportunities to take part in the global events, both denominational and interdenominational. Through participation in these events, my mind and vision have been vastly broadened. The inspiration did not stop there. A lot of church members in Hong Kong have been infilled with Kingdom consciousness by the Holy Spirit. No doubt I have had an impact on them, but I would not have become who I am today without Bishop Leggett's fostering.

Bishop Leggett was indeed a great man of vision who had a heart for the emerging young stars in our denomination.

May God bless and comfort Bishop Leggett's family.
