Ukraine ministries

Thank you, IPHC family for your prayers and your support. Thank you for being with us. Together we can preach the Gospel through the good works that God has ordained for us in Jesus Christ during the war in Ukraine.

Dmitro Loiuk

"And let us not be weary in well doing: for in due season we shall reap, if we faint not."

Galatians 6:9

From the first days of the war, IPHC volunteers have been delivering humanitarian aid such as food and hygiene products to cities and villages that continue to be under rocket and artillery fire.

The people who remained in these settlements do not have jobs and finances. It is not possible to deliver food, medicines, and other necessary things to these cities and villages...

...but with God, we do as much as possible!

We're thankful to God for the Armed Forces of Ukraine, which defends people and fights against Russian aggression

IPHC Barnabas ministry volunteers to visit military hospitals with the most necessary things for soldiers who were injured and are receiving treatment.

In one trip we came to our defenders with hygienic care supplies, sweets, diapers, clothes, etc.

We're so thankful for the opportunity to provide others with God's Word and pray for each soldier.

From the beginning of the Russian war in Ukraine, millions of people became refugees. Among the most in need and unprotected are mothers with small children.

Over time, IPHC volunteers have taken responsibility for more than 100 mothers with their little children who have been left without a livelihood. We support them with food, hygienic supplies, diapers, and baby food for the smallest. Our IPHC volunteers are thankful to God that they have been able to be an answer to the needs of these women.

As we serve, we are doing our best to take care of those in need and helping them survive this war with minimal damage to their souls. Through preaching the Gospel and praying for them, we can see how their hearts have become closer to God and how He has continued to bring comfort to their lives.

Please pray for these mothers and children as you support this ministry.

Testimonial

My name is Iryna, I'm 36 years old, and I want to introduce you to my son Svyatoslav. He was born on Feb. 15, 2022 – a week before the war began. I'm from the south of Ukraine, from Mykolaiv City.

From the first days of the war between Russia against Ukraine, my city came under cruise missilery and bombshell attacks. In the city were destroyed shops, hospitals, and schools, and many people were killed. To save my and my son's lives I was forced to leave my native place and move to Kyiv. I didn't have any resources to take care of myself or my child. Thank God that He gave me the possibility to meet the IPHC Barnabas Ministry volunteers who have taken care of us from then till now. Thanks to their help with food, diapers, and hygienic products, I have everything I need to care for myself and my child. Thanks to their support and care, I found hope. I sincerely thank God for every person who helped me and my child. May God bless you, and reward you.

Testimonial

Greetings, my name is Maksym. I'm 34 years old and am a member of Christian Hope Church in Kyiv. When the war between Russia and Ukraine started I couldn't go to the armed forces in Ukraine to defend my home and the Ukrainian people because of my invalidity – I can not see with one eye.

Thank God I could become an IPHC volunteer and provide humanitarian aid to military and civilian people. I help take humanitarian aid such as food, hygienic supplies, medicines, and many other necessary things to the locations where the war is still going on. Through delivery of the humanitarian aid I can preach the Gospel and pray for people. I'm so grateful to God for the possibility to be an IPCH Barnabas volunteer.
