# FOREWORD

At the 28th General Conference in 2017, Presiding Bishop Beacham cast the Arise 2033 vision, which challenged World Missions Ministries to plant 5,000 new churches outside of the U.S. and establish an IPHC ministry presence in 50 new countries by 2033.

In 2018, World Missions Ministries began training and resourcing missionaries, national leaders, church planters, pastors, and evangelists in six strategies. Those strategies are (1) prayer, (2) evangelism or winning the lost, (3) discipling believers, (4) planting churches, (5) targeting the 7,144 unreached or unengaged ethnic groups in the world, and (6) changing a paradigm by challenging nations to become sending as opposed to receiving.

By God's grace and your faithful support, our 2025 World Missions Statistics show that we now have a ministry presence in 121 countries, not including the United States, Canada, and Brazil. We also report having 15,847 churches and a membership of 1,880,323. To God be the Glory!

Since implementing our six strategies eight years ago, through our 13 regional networks, by God's grace, we planted a total of 6,007 new churches (759 in 2025). This also means that we have exceeded the Arise 2033 vision of planting 5,000 new churches by the year 2033 in seven years - more importantly, we have eight more years to continue moving forward!

There are still 94 countries within our regional boundaries without an IPHC ministry presence. These countries are our focused priority.

2019-2023 marked the end of our first five-year period. You can see from the chart included that we exceeded the goals for the number of church plants. You will also find a chart showing our GOALS for the second five-year period, 2024-2028. I am confident that if we continue to focus on our process - the six strategies - we will reap a harvest for the Kingdom's sake.

A few highlights for the 2025 reporting period are:

- The IPHC celebrates having 2,986 churches in North India, the most churches in any country globally.
- The IPHC in Ethiopia reports the largest church membership with 678,100 members in 834 churches. This equates to a median church size of 813 members.
- Our global church membership increased by 123,089 members.
- On the Continent of Africa, where we first established a ministry presence in 1913, we report having 7,103 churches and a membership of 1,325,332

The prophet Isaiah tells us in Isaiah 54:2 (TPT), "Increase is coming, so enlarge your tent and add extensions to your dwelling. Hold nothing back! Make the tent ropes longer and the pegs stronger."

Never underestimate the effect that your partnership has had, is having, and will continue to have on kingdom expansion. I am a first-hand witness to the fact that wherever the gospel of Jesus Christ is preached, it still has the power to save and set people free!

I am more optimistic about our future than ever before. The best is still to come!

**Bishop Talmadge Gardner**
