**Treffpunkt Coffee House  
Eastern Berlin, Germany**

Treffpunkt Coffee House, located in Eastern Berlin, is a vital component to the growth of the local church. The building's history is quite unique. For over 100 years, with the exception of the time it served as communist headquarters, it was known to the local community as "The Meeting Place". Today, the property belongs to the IPHC. This coffee house is an essential instrument for outreach ministry to the German people.

Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us, to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen

## Word to the World

# Through the Marketplace

**WTTW**

**Word to the World**

Sending the 'Word to the World' through the marketplace provides strategic opportunities to reach the peoples of the nations. A large portion of the world's populace engages in the marketplace daily. Coffee House Ministry serves through a variety of outreach methods to encounter these people in their daily activities and enables an open door to witness. Coffee Houses are instrumental to ministering cross-culturally to people that otherwise are not being reached with the gospel. It allows the IPHC World Missions Ministries to impact lives and change destinies.

**Purpose . . .**

There are two significant purposes for establishing coffee houses overseas. First, Coffee House-Marketplace Ministry provides church growth. The national church is strengthened with new members and new churches are birthed as a result of evangelism in the marketplace. Secondly, coffee houses facilitate evangelism opportunities into areas otherwise closed to the Gospel. Through Coffee House Ministries, God is doing **IMMEASURABLY MORE !**

**MORE than just refreshment stops . . .**

Coffee houses provide non-threatening environments and are shining lights penetrating the darkness, serving as the cross-way between the church and the community of unbelievers. They are multi-functional. Each is uniquely designed for maximum ministry effectiveness according to its specific location. The coffee house offers a venue for prayer, one-on-one friendship evangelism and discipleship. They offer a comfort zone where Christians and unbelievers can bridge the gap and build relationships.
